

Friday 9th January

First week of
Forest School
For the Year 5 pupils. It
was very beautiful and
very cold!!!

It snowed just in time for
our Captain Scott topic.
No one got frost-bite!

Our class book this term is
The Lion, Witch and the Wardrobe.

We began our Liquids.
Solids and Gases topic
With Mrs Panting

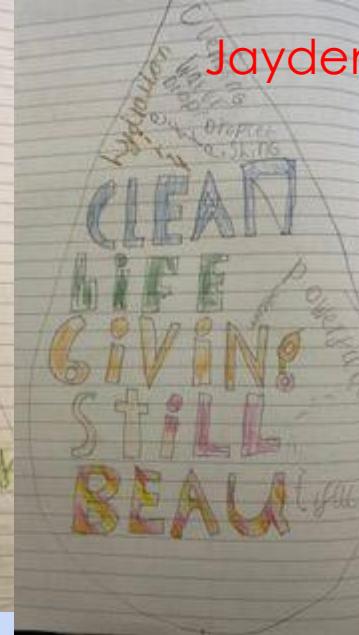

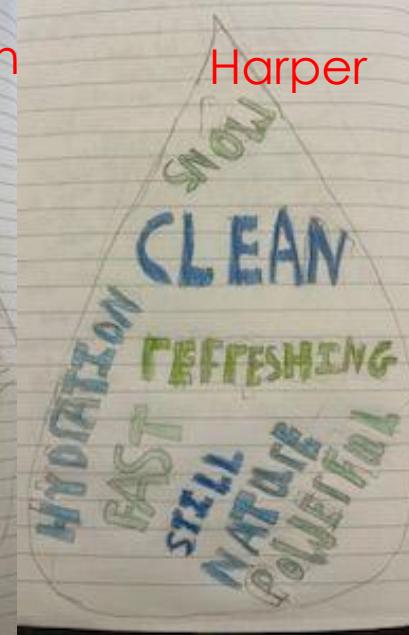

Daisy

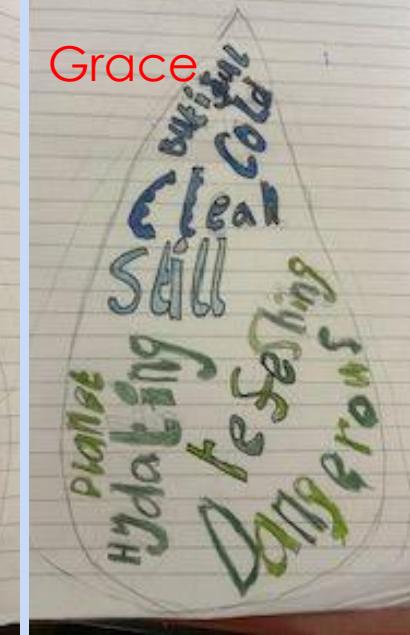

Ethan

Jayden

Harper

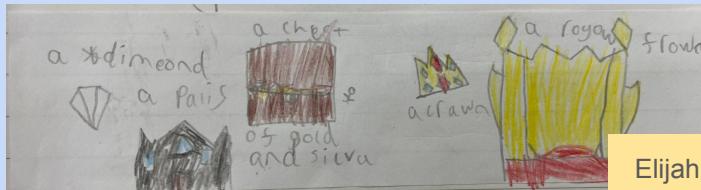

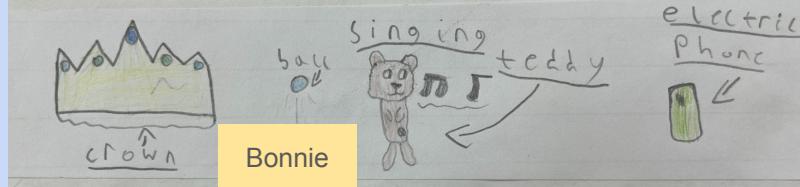

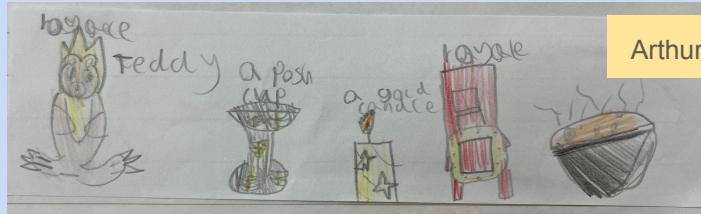

Grace

In Squirrels this week, we have been learning about symbolism in RE. We discussed what water meant to us and how important it is. We made connections to Christianity and how water plays a big part in stories in the bible and in important ceremonies such as baptisms. Using the symbol of a water droplet we recorded our ideas about water.

After Mrs Nichols' assembly on Monday, Badgers spent time thinking about what gifts they would bring to Jesus. Badgers knew that Jesus was a very special baby so they knew they would bring something very special for him.

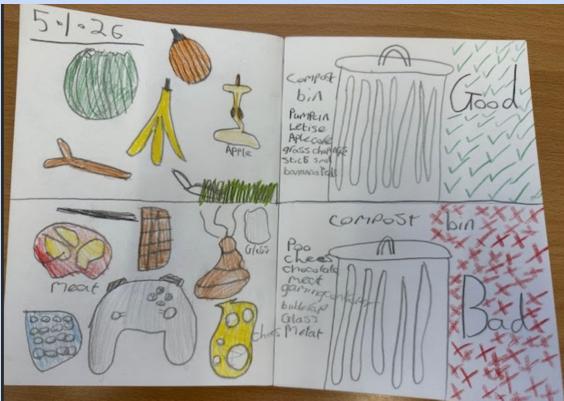

We also spoke about what things we already have that we could give to Jesus like our kindness, our very funny jokes, the games that we play together and our love.

Badgers also had lots of fun in the snow on Monday while it lasted!

Environmental Science - Muntjacs

Paddy

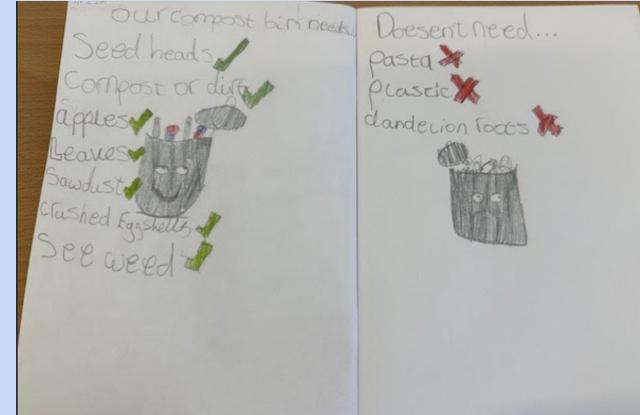

Queenie

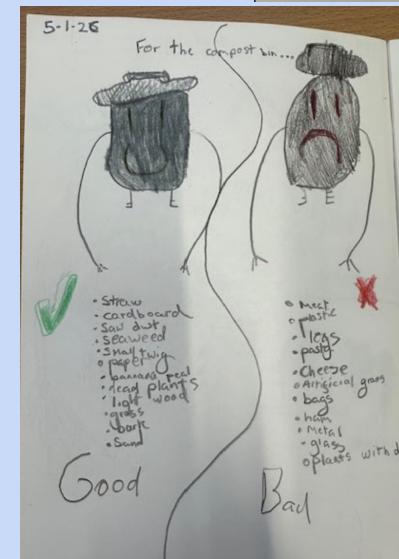

Juliet

Freddie W

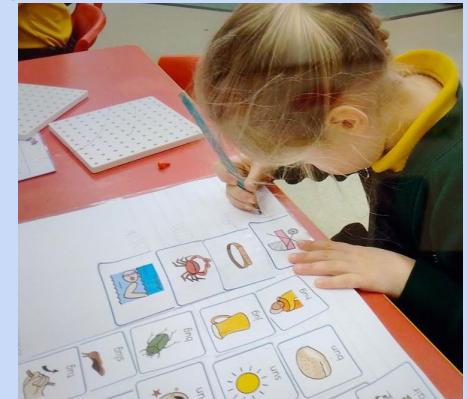

Mason

Munjacs made some brilliant posters to inform us what should and shouldn't go on a compost heap, to make soil. It's great how the posters are so different but all so effective.

Hedgehogs have been busy using their growing phonics knowledge to write cvc, ccvc and cvcc words this week to label pictures. They are becoming increasingly confident and independent in using their sound mats to support their writing which is fantastic!

In maths we have been comparing groups and saying when there is an equal number, too many (more than) or not enough (fewer than)

The changing weather has sparked lots of interest and discussion this week.

With such a cold, snowy start to the week we have revisited painting snowy scenes in continuous provision.
